from the side of the road was incredible!
Antonio’s massages saved my legs!”

RICHARD S

“Thank you Giorgio for your wonderful words of encouragement and smiles that radiated throughout the rides and of course for your exceptional bike support. Thank you also to Paulo - not only did you fix me each afternoon but I truly appreciated your support and encouragement throughout the rides! Amazing how much it made a difference when climbing in the rain! Stefania & Tomi - many thanks for creating such an incredible environment- truly welcoming- each afternoon felt like coming home!”

SARAH D

“Truly the entire team worked together flawlessly. Paulo and Manuel were particularly great with regards to getting into technical ride details and giving me the confidence to do the complex climbs and also address my reluctance to hit the downhills (I was coming off a wrist surgery so needed their guidance and advice to be safe)”

MICHAEL S

“I can’t highlight one because I think they are all amazing. They are my family outside of home abs every time I travel I feel cared for beyond imagination. I met Pablo for the first time this trip and I hope to see him again in the future. I truly appreciate all the staff, all hard working, personable, always smiling and ready to help and cheer us on.”
